

# 2020 Impact Report

*Safety &  
Love*

*Resiliency &  
Hope*

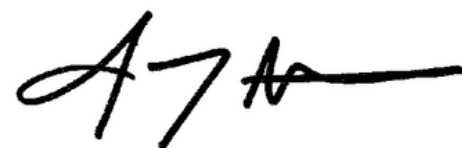

## To Our Outstanding Supporters:

THANK YOU! St. Joe's kids and families overcame great adversity this past year thanks to our essential staff, Board of Trustees, and everyday acts of kindness by community members like you. Here are some of our proudest accomplishments in 2020:

- Even with the adoption courts being significantly delayed due to the pandemic, **10 children found their forever homes** through St. Joe's with more scheduled in 2021.
- St. Joe's Child Development Center achieved a special license to continue providing **childcare to first responders** throughout the pandemic.
- We hosted the **first-ever, virtual St. Joe's Picnic For The Kids** and raised \$300k!
- The Better Business Bureau reaccredited St. Joe's as an official Charity Seal Holder.
- We announced the **Building Forever Families Campaign** and began renovation to the landmark building that was first constructed in 1885.

Our accomplishments are a direct result of YOUR impact. Thank you for investing in St. Joe's mission of "Giving Children A Home."

Jay Miller, Ph.D, MSW, CSW  
2020 President, St. Joe's Board of Trustees

Grace Akers  
Chief Executive Officer

# Our Mission

---

## Giving Children A Home Since 1849

Kentucky ranks #1 in the nation for child abuse and neglect. *This is not acceptable.* Our children and families are facing multiple crises at once and are suffering because of it. They need our support now more than ever before.

In 2020, it was our privilege to serve 1,037 children, foster parents, and family members. St. Joe's helped children heal from their traumas, connected them to their forever families through foster care and adoption, as well as provided high-quality child care to frontline workers.

Photography by Jess Amburgey

## Building Forever Families

## Renovation & Campus Improvements

# Our Vision

---

For nearly two centuries, St. Joe's has continued to evolve to meet the needs of Kentucky's children and families and remains a beacon of hope in the community. However, necessary program growth due to the massive increase in demand for services, combined with aging structures that need immediate and extensive overhauls means that the time to renovate is now.

The once stoic, three-story building now houses an outdated, behemoth set of internal mechanics, faces staggering maintenance issues with escalating annual repair costs, and a 19th-century floor plan that no longer supports St. Joe's 21st-century programs. Our master plan calls for a \$23 million renovation of our facilities including renovation to our 90,000 square foot main landmark building that serves all three of our programs, renovation to the gymnasium, and constructing a new school for the children in our residential program.

Photography by Jess Amburgey

Join the  
*Building Forever Families*  
campaign today and help St.  
Joseph Children's Home  
continue to give safety and  
love to children and families  
across Kentucky for another  
100 years to come.

# 78%

of Children Transitioned Out of Care To a Family\*

\*Please note that the pandemic significantly delayed children from transitioning to and from St. Joe's residential treatment program.

# Program

## residential treatment

Photography by Jess Amburgey

St. Joe's Residential Treatment program cares for children who have been removed from their homes due to abuse and neglect and is licensed to house up to 48 children (ages 6-15) at a time. St. Joe's becomes an extended family for many residents and it is not uncommon for a child to say, **"For the first time, I feel safe."**

“

*My staff give me hope. They have given me a path of what I can do to get out of here and not come back to a placement. They put quotes on our board that inspire me. They teach me to focus on what's ahead of me and not in the past. They are teaching me to be more mature and [showing] me what my future could hold.*

- Former St. Joe's Resident (age 14)

# Program

## therapeutic foster care & adoption

Our program serves children from infancy to 21 years old who are currently placed in Kentucky's foster care system. The St. Joe's foster care and adoption team recruits and trains individuals from the community to become foster parents while also providing 24/7 support to meet the various needs of our families. We continue to facilitate one of the highest rates of adoptions of any private child-caring agency in Kentucky.

# Program

## child development center

St. Joe's boasts one of the best preschool programs in the city by providing children with a warm environment, filled with love, good physical care, and an atmosphere for learning. A standards-based curriculum and an excellent teacher to student ratio are all benefits of this state-accredited program. The Child Development Center also features an in-house enrichment program for 2-5-year-olds (music, movement, science, and art).

“

*When I think of our experience at St. Joes, two words come to mind: **love and happiness**. I drop my son off knowing that he is in the best place he could possibly be. It's not home, but it feels that way to him. Chef Finbar is an added bonus; the food at St. Joe's is so much better than anything I could ever cook myself!*

- A CDC Parent

# Healthy Body, Healthy Mind

Chef Finbar and his team deliver healthy and personalized meals to hundreds of children every day at St. Joe's. Long staff tenure combined with Chef Finbar's fine dining experience help create nutritious cuisine for St. Joe's children and essential staff.

What we witnessed Picnic weekend in 2020 was nothing short of astonishing. For St. Joe's Picnic to have celebrated 171 years of helping children in need and still experience so many "firsts" as a fundraising event is a reflection of how St. Joe's will continue to evolve with the ever-changing times. To everyone who participated in the virtual events, purchased raffle tickets, made a direct donation, and shared our mission with their friends and family, **THANK YOU.**
